INTEREST ON RENTAL INVESTMENTS AS HIGH AS 12 PER CENT. WHY?
HOUSE-SEEKERS and home-makers are flocking to El Paso in such great numbers that it behooves any discerning person to invest in El Paso real estate. Houses built for rent are in such demand now that interest on the investment is running from 8 to 12 percent.
The coming Soil Products exposition and the formal opening of the Elephant Butte dam are going to bring El Paso even more before the eyes of the country—where it has been more or less for the last five years, as a center of Mexican "war" news.
National guardians here are writing good things about the city in their letters home, so it is easy to catch a glimpse of increased prosperity on the horizon. That's why men of business wisdom are investing in El Paso.
